

Retirement Made Simple

Personal Retirement Plan (PRP)

The average Bermudian experiences at least five different jobs during their professional career, which can lead to five different pension plans. You may not know that your money is vested or locked-in after two years at one company, with the only flexibility being to transfer to certain Pension Commission approved products.

We have a solution! Our Personal Retirement Plan (PRP) allows you to transfer your retirement savings, keeping your locked-in money next to your non-locked-in money with flexibility in payment options. You can even withdraw non-locked-in money at any time.

Keep your savings with you, where ever you go. Call us on 296-3600 to find out more information about the PRP and other Pension products.
